

THE VUSA RUGBY AND LEARNING ACADEMY

MISSION

To create social upliftment for children from underprivileged communities through structured academic, sporting and extra-mural programmes.

VISION

This initiative began in 2001 as a part-time rugby programme for children in the Langa community. However, as the programme developed, greater needs were identified. Deficiencies in early childhood such as poor mental and physical health, addiction, homelessness, crime and family breakdown are most often the root cause of the challenges faced by South African youth in the townships. The VUSA programme's primary goal is to provide a hub of excellence in Langa to ensure that these challenges are addressed early on in the child's life thus creating opportunities and a safe space for children to learn, play and grow.

PROGRAMME OUTLINE

- ◆ **CRECHE**
Numeracy and literacy skills
- ◆ **GRADE 3**
Reading through the Wordworks Programme
- ◆ **ACADEMIC**
Maths and English support
- ◆ **RUGBY**
Training and Saturday matches in the WP Rugby League
- ◆ **RECREATIONAL OUTINGS**
Exposure to opportunities and places not ordinarily accessible
- ◆ **FOOD**
Children who attend the programme receive a hot, nutritious meal

BENEFITS

Children receive daily academic/extra-mural support, and are thus supervised and safe whilst parents are at work

Team sport teaches children self-discipline, teamwork, leadership and sportsmanship

Promotes a physical, healthy life-style

Gives children confidence and unearths untapped potential and talent

Provides children with the opportunity to interact with those from different cultures, backgrounds and religions

Creche children will be better equipped to begin Grade R

Children with access to academic support cope better at school

Coaches are employed from the Langa community

Children from this community often go hungry and are now guaranteed a hot daily meal

"I truly believe that the VUSA Academy is well equipped in ensuring that young boys in the township not only become better men in society but also better human beings. The resources that the academy dedicated to me have provided me with invaluable lessons. As a Stormers and Springbok player, I can proudly say that I am product of the VUSA Academy."
